

Make Your Own Dragonflies!

You'll need:

- ✓ Twigs (different thicknesses and lengths)
- ✓ Maple Keys or Samaras (noses or whirlybirds that fall off the maple trees)
- ✓ Glue
- ✓ Spray paint (optional)

To create:

1. If you want different colored dragonflies, you can spray paint the twigs and maple keys. They look great without paint, too
2. Choose the perfect twig and maple key!
3. Glue them together
4. Let them dry
5. Display them on your window sill or desk or wherever
6. Combine a bunch of dragonflies and make a mobile to hang in your room!
